

The Doctors Company is fiercely committed to protecting doctors and the practice of good medicine 24/7.

As the largest national insurer of physician and surgeon medical liability, The Doctors Company is committed to relentlessly defending, protecting, and rewarding doctors. We put the strength of nearly 55,000 doctors and \$4 billion in assets to work for you—vigilantly looking ahead at new trends in medical liability, while rigorously pursuing patient safety tools, information, and innovative programs to help doctors reduce risk and improve the environment in which they practice medicine.

WE PROTECT DOCTORS 24/7.

Our Patient Safety Department provides a multitude of services, publications, and tools to assist doctors and their office staff:

- Our team of patient safety/risk management specialists is dedicated to answering questions and assisting doctors in identifying and reducing risk exposure.
- Through on-site visits and practice/office surveys, our patient safety/risk management specialists can assist doctors in identifying ways to improve quality and increase safety.
- Doctors and office staff can access our vast library of timely publications in the Knowledge Center of our Web site at www.thedoctors.com/knowledgecenter. Our publications examine important patient safety and risk issues and offer practical advice.
- Doctors can earn CME credits by participating in our general and specialty-specific seminars, presentations, and online Webinars.
- We tailor personalized education programs and seminars to meet doctors' needs.

Our patient safety/risk management and claims specialists are available 24 hours a day, 365 days a year on our nationwide hotline at (800) 421-2368 to answer questions and discuss concerns.
